

## Privacy Notice additional information

### CPOMS

CPOMS is a software application for monitoring child protection, safeguarding, pastoral and welfare issues. CPOMS is an intuitive system to help with the management and recording of child protection, behavioural issues, bullying, special educational needs, domestic issues and more

For more information, please visit the [CPOMS](#) website

### e-Safe Monitoring Service

The e-Safe monitoring service uses the school ICT environment as a source of behaviour markers to provide early warning of safeguarding risk. The software is installed on all school owned devices that use the school computer network. The school may choose to install this software on school owned portable devices that can be used both inside and outside of the educational establishment. The software will continue to monitor activity on the device irrespective of location e.g. if the school owned device is used on a home computer network, the device will continue to monitor that device's activity. Using the markers, the specialist team at e-Safe can identify issues and escalate them appropriately to nominated safeguarding and pastoral care staff within school, for intervention.

For further information, please visit the [e-Safe Education](#) website

### Microsoft Office 365

Microsoft Office 365 is a cloud productivity suite free to establishments in UK education. It provides pupils, teachers, and staff with enterprise-grade communication and productivity services which include email, online document editing and storage space

For further information, please visit the [Microsoft](#) website

### Purple Mash

Purple Mash provides a range of on-line creative tools, curriculum focused applications and resources to support and inspire pupils and teachers throughout the curriculum. They are hosted completely online and are web browser driven. Access to the Purple Mash resources is through the school's learning platform provided by RM Education.

For further information, please visit the [Purple Mash](#) website

### RM Education

Dudley schools receive a number of services delivered through the ICT managed service provided by RM Education plc (RM). These arrangements are overseen on behalf of schools who have signed up to the service by Dudley Grid for Learning (DGfL) - a Division of the Directorate of Children's Services (DCS), for Dudley Local Authority.

A number of Data Processing agreements are in place with RM, covering services such as RM's school management information system, RM Learning Platform, RM Unify, RM Integrus. These systems make some use of personal data which is held away from school at secure data centres with the RM group.

For further information, please refer to the RM Education website. If you are unable to access the website the postal address is: RM Education Plc, 183 Milton Park, Abingdon, Oxfordshire OX14 4SE

Dolce Catering provides an integrated software solution designed to help schools reduce the time taken to administer expenditure every day. The software is hosted in the cloud via Microsoft Azure Services. The software is provided via web access. Dolce Catering via SchoolGrid keeps track of individual pupil's balances as meals are recorded and payments taken, including the option for parents to order and pay meals online.

For further information, please visit the [Dolce](#) website

### **GovernorHub**

GovernorHub manages the Governor, Local Authority, and School relationship. Governor data relates to name and e-mail address, any information the school chooses to provide respecting their Governors such as address, phone number(s), date of birth, ethnicity, health, etc

For further information, please visit the [GovernorHub](#) website

### **InVentry**

Electronic signing system for pupil, staff and visitor management

For further information, please visit the [InVentry](#) website

### **Medical Tracker**

Medical Tracker is an online software application to report first aid incidents, track medications and student care plans. The online forms are built to comply with Department for Education (DfE), OFSTED and RIDDOR guidelines. Medical Tracker allows the school to comply with DfE Guidelines to accurately store records, notify parents of incidents and report serious incidents and near misses

For further information, please visit the [Medical Tracker](#) website

### **School Admissions Management (SAM)**

Synergy manages the admissions, transfers and appeals processes across all schools and key stages from nursery to secondary school, along with transfers and in-year admissions. The school management software records details of school capacities, applications for places, decisions and automatic allocations based on specified criteria against admissions policies. Synergy provides a powerful and flexible search and selection process, so school place applications can be quickly retrieved and updated

For further information, visit the [School Admissions Management](#) website

### **Libresoft**

Libresoft's library management systems have been designed specifically for schools, with input from school librarians and teachers to help understand and adapt to the pressure and demand of the school environment.

For further information please visit <https://arbor-education.com/>

## **Tapestry**

Available both as a website and app, Tapestry is the Childhood Education Platform that provides comprehensive, award-winning tools to help you build strong relationships with families, and reduce barriers to engagement. You can document each child's unique learning and development and streamline your planning, monitoring and reporting processes through EYFS to KS1 and 2, for mainstream and special provision.

For further information please visit <https://tapestry.info/>

## **My Happy Mind**

Programmes for teachers, parents and children help to prepare today's children for tomorrow's world by building resilient, balanced and happy minds at home, early years settings and schools.

For further information please visit <https://myhappymind.org/>

## **Trackit Lights**

Helping teachers work 'smarter not harder' by digitising and automating all their classroom management, rewards, behaviour tracking and parental engagement.

For further information please visit <https://trackitlights.com/>
