## Maths

This week in Maths we have been learning all about position and direction. Use your knowledge of left, right, forwards and backwards to help you. Have a look at the video below to remind you of what we have learnt [Position and Direction Part 1 | Geometry | Y1 Maths | FuseSchool Kids](#)

Please complete the sheet attached below. We have also included some challenges too!

## Writing

As you know we have been looking at setting descriptions this week in writing. We have used expanded, noun phrases, commas in a list, adjectives and similes. Today we want you to look at a different picture and this time really expand your description using those skills. We have included a WAGOLL for you to look at first, you could even highlight our clever writer skills first like you do in school and then write a description!

## WAGOLL

Deep in the enchanted forest the tall, twisting trees stretched up to the sky. Their sparkling, silver leaves shimmered in the sunlight like tiny diamonds. Around the forest there are rabbits, deer, foxes and squirrels scampering through the green grass.

In the distance stands a grand, majestic castle. It towers above the trees. The castle looks mysterious, I wonder who could be inside?

Look at the picture below and write a setting description based on the picture using the Clever Writer Skills listed above. We have included your check list to help you!

I am a clever writer because I can use...	Me	My teacher
expanded noun phrases		
commas in a list		
similies		

## Reading

**Learning Objective:** I can read a text and answer questions about what I have read.

### Before You Read (2–3 minutes)

Talk to someone at home or think about these questions:

- What is the weather like today?
- How does your body feel when it is very hot?
- What do you do to stay cool?

---

## Read the Text

### A Very Hot Day

Today is one of the hottest days of the year. Mia wakes up and looks out of the window. The sun is already shining brightly.

Mia wants to play outside, but her mum reminds her to stay safe in the hot weather. First, Mia fills up her water bottle. She knows that drinking water helps her body stay cool.

Later, Mia sits in the shade and reads her favourite book. She wears a wide-brimmed hat to protect her face from the sun.

In the afternoon, Mia and her brother play a short game in the garden. After a while, they start to feel hot and tired. They go back inside to cool down and have a drink of water.

At the end of the day, Mia is happy. She enjoyed the sunshine and stayed safe in the hot weather.

---

## Vocabulary Check

Can you find these words in the text?

**Word**      **What do you think it means?**

shining \_\_\_\_\_

shade \_\_\_\_\_

protect \_\_\_\_\_

cool down \_\_\_\_\_

---

## Questions About the Text

### Find the Answers

1. What was the weather like when Mia woke up?

---

2. What did Mia fill up first?

---

3. Why did Mia drink water?

---

4. Where did Mia sit to read her book?

---

5. What did Mia wear to protect her face?

---

6. How did Mia and her brother feel after playing outside?

---

7. What did they do when they felt hot?

---

### Think About It

8. Why do you think Mia's mum reminded her to stay safe?

---

---

9. Do you think Mia made good choices on the hot day? Explain why.

---

---

---

### Challenge Activity

Draw a picture of Mia staying safe in the hot weather.

Label at least **three** things that help her stay safe.

For example:

- Water bottle
- Hat
- Shade

---

### Extra Reading Challenge

Can you write **three safety tips** for another child on a very hot day?

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

---

### Answers for Parents/Carers

1. It was very sunny/the sun was shining brightly.
2. Her water bottle.
3. To help her body stay cool.
4. In the shade.
5. A wide-brimmed hat.
6. Hot and tired.

7. They went inside and had a drink of water.
8. Because hot weather can be unsafe if people do not look after themselves.
9. Answers may vary but should refer to drinking water, sitting in the shade, wearing a hat, or cooling down indoors.

**Well done! Remember to drink plenty of water and stay cool during the hot weather. ☀️**
