1. Purpose and Aims

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff, volunteers and governors in the school and is consistent with the procedures of the 3 safeguarding partners. Our policy and procedures also apply to extended school and off-site activities.

Hurst Green Primary aims to ensure that:

- Appropriate action is taken in a timely manner to safeguard and promote children's welfare
- All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly training in recognising and reporting safeguarding issues

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs (SEN) or disabilities
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual and criminal exploitation, forced marriage, or radicalisation
- Are asylum seekers
- Are at risk due to either their own or a family member's mental health needs
- Are Children in Care or previously Children in Care

2. Statutory Framework

This policy is based on the Department for Education's (DfE's) statutory guidance, [Keeping Children Safe in Education \(2024\)](#) and [Working Together to Safeguard Children \(2023\)](#), the [Maintained Schools Governance Guide](#) and [Academy Trust Governance Guide](#). We comply with this guidance and the arrangements agreed and published by our 3 local safeguarding partners. This policy is also based on the following legislation:

- Section 175 of the [Education Act 2002](#), which places a duty on schools and local authorities to safeguard and promote the welfare of pupils
- [The School Staffing \(England\) Regulations 2009](#), which set out what must be recorded on the single central record and the requirement for at least one person conducting an interview to be trained in safer recruitment techniques
- [The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM

- [The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children
- Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children
- [Statutory guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism

Information Sharing (2018)

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/721581/Information_sharing_advice_practitioners_safeguarding_services.pdf

- The [Childcare \(Disqualification\) and Childcare \(Early Years Provision Free of Charge\) \(Extended Entitlement\) \(Amendment\) Regulations 2018](#) (referred to in this policy as the 2018 Childcare Disqualification Regulations) and [Childcare Act 2006](#), which set out who is disqualified from working with children
- This policy also meets requirements relating to safeguarding and welfare in the [statutory framework for the Early Years Foundation Stage](#).

<https://safeguarding.dudley.gov.uk/safeguarding/partnership/meetings/safeguarding-children-partnership-group/>

3. The Designated Safeguarding Lead (DSL) for Hurst Green Primary School are:

Kellie Wilson and Natalie Webb

The DSL is a member of the senior leadership team. The DSL takes lead responsibility for child protection and wider safeguarding.

During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns. The DSL is contactable out of school hours and during the holidays by email:

safeguarding@hurst-green.dudley.sch.uk

When the DSL is absent, the deputies– will act as cover.

The Deputy Designated Safeguarding leads for Hurst Green Primary School are:

Andrew Lander (Assistant Head)

Adam South (Assistant Head)

Kathryn Karadia (SENDCo)

The DSLs will be given the time, funding, training, resources and support to:

- Work closely with teachers and share information & provide advice and support to other staff on child welfare and safeguarding and child protection matters
- Sets out procedures so that staff promptly share their safeguarding concerns in writing
- Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and school and college leadership staff. Their role could include

ensuring that the school or college, and their staff, know who these children are, understand their academic progress and attainment and maintain a culture of high aspirations for this cohort; supporting teaching staff to identify the challenges that children in this group might face and the additional academic support and adjustments that they could make to best support these children.

- Refer cases of suspected abuse and neglect to the local authority children's social care as required and support staff who make referrals to local authority children's social care.
- Refer cases to the Channel programme where there is a radicalisation concern as required and support staff who make referrals to Channel programme.
- Refer cases where a crime may have been committed to the Police
- Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
- Contribute to the assessment of children, particularly in relation to Early Help
- Work closely with Mental Health Leads
- Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel Panel, Disclosure and Barring Service and/or police), and support staff who make such referrals directly
- Have a good understanding of harmful sexual behaviour
- Have a good understanding and takes the lead of the filtering and monitoring systems and processes in place at our school, this is included in the DSL's job description
- Be confident that they know what local specialist support is available to support all children involved (including victims and alleged perpetrators) in sexual violence and sexual harassment, and be confident as to how to access this support
- Be aware that children must have an 'appropriate adult' to support and help them in the case of a police investigation or search
- The DSL will also keep the headteacher informed of any issues and liaise with local authority case managers and designated officers (LADO) for safeguarding and child protection concerns as appropriate.

The full responsibilities of the DSL and [deputy/deputies] are set out in their job description.

4. The Headteacher, Governing Body, Trustees, Proprietors

The Headteacher is responsible for the implementation of this policy, including:

- Ensuring that staff (including temporary & supply staff) and volunteers are informed of our systems which support safeguarding, including this policy, as part of their induction
- Communicating this policy to parents when their child joins the school and via the school website
- Ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- Ensuring that all staff undertake appropriate safeguarding and child protection training and update this regularly, including online and cyber security
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate.
- Refer cases where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service/Teaching Regulatory Agency/TRA as required
- Making decisions regarding all low-level concerns, though they may wish to collaborate with the DSL on this
- Complete appropriate safeguarding and child protection (including online) training
- Ensuring the relevant staffing ratios are met, where applicable

- Making sure each child in the Early Years Foundation Stage is assigned a key person
- Overseeing the safe use of technology, mobile phones and cameras in the setting
- Promoting good oral health and signposting accordingly to services

The Governing body, Trustees or Proprietors will approve this policy at each review, ensure it complies with the law and hold the headteacher to account for its implementation.

The Governing Body/Trust will appoint a senior board level lead to monitor the effectiveness of this policy in conjunction with the full governing board. This is always a different person from the DSL.

The nominated Governor for Child Protection and Safeguarding for Hurst Green Primary is: Jess Brown

The Chair of governors **Garry Hall/Jill Withers** will act as the 'case manager' if an allegation of abuse is made against the headteacher, where appropriate.

All Governors have read and understood Keeping Children Safe in Education 2023. (Part Two of this policy has information on how governors are supported to fulfil their role.)

The Governing Body/trust will be aware of its obligations under the Human Rights Act 1998, the Equality Act 2010 (including the Public Sector Equality Duty), and our school's local multi-agency safeguarding arrangements

All Governors have read and understood Keeping Children Safe in Education 2024.

Ensure all staff undergo safeguarding and child protection training, including online safety, and that such training is regularly updated and is in line with advice from the safeguarding partners

The Governing Body/Trustees, will seek assurance of the following areas:

- The DSL has the appropriate status and authority to carry out their job, including additional time, funding, training, resources and support
- Online safety is a running and interrelated theme within the whole-school approach to safeguarding and related policies
- The DSL has lead authority for safeguarding, including online safety and understanding the filtering and monitoring systems and processes in place
- The school has procedures to manage any safeguarding concerns (no matter how small) or allegations that do not meet the harm threshold (low-level concerns) about staff members (including supply staff, volunteers and contractors). Appendix 3 of this policy covers this procedure
- That this policy reflects that child with SEND, or certain medical or physical health conditions, can face additional barriers to any abuse or neglect being recognised

Other areas of assurance include:

Ensure that the school has appropriate filtering and monitoring systems in place and review their effectiveness. This includes:

- Making sure that the leadership team and staff are aware of the provisions in place, and that they understand their expectations, roles and responsibilities around filtering and monitoring as part of safeguarding training
 - Reviewing the [DfE's filtering and monitoring standards](#), and discussing with IT staff and service providers what needs to be done to support the school in meeting these standards
- Where another body is providing services or activities (regardless of whether the children who attend these services/activities are children on the school roll):
- Seek assurance that the other body has appropriate safeguarding and child protection policies/procedures in place, and inspect them if needed

- Make sure there are arrangements for the body to liaise with the school about safeguarding arrangements, where appropriate
- Make sure that safeguarding requirements are a condition of using the school premises, and that any agreement to use the premises would be terminated if the other body fails to comply.

Local multi-agency safeguarding arrangements.

- The school's policy has been written taken into consideration our locally agreed multi-agency procedures

The links for Dudley's procedures are below:

<https://dudleysafeguarding.org.uk/>

<https://dudleysafeguarding.org.uk/wp-content/uploads/2023/03/DSPP-Support-Level-Guidance-and-Framework-March-2023.pdf>

5. Safeguarding Policies and Procedures/Legal Responsibilities and duty to share information

5.1 Our safeguarding responsibilities include:

Safeguarding and promoting the welfare of children:

- Providing help and support to meet the needs of children as soon as problems emerge
- Protecting children from maltreatment whether that is within or outside the home, including online
- Preventing impairment of children's mental and physical health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child and may involve inflicting harm or failing to act to prevent harm. See section 12, which explains the different types of abuse.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Section 12 defines neglect in more detail.

Sharing of nudes and semi-nudes (also known as sexting or youth-produced sexual imagery) is where children share nude or semi-nude images, videos or live streams. This also includes pseudo-images that are computer-generated images that otherwise appear to be a photograph or video.

Children includes everyone under the age of 18.

Victim is a widely understood and recognised term, but we understand that not everyone who has been subjected to abuse considers themselves a victim or would want to be described that way. When managing an incident, we will be prepared to use any term that the child involved feels most comfortable with.

Alleged perpetrator(s) and **perpetrator(s)** are widely used and recognised terms. However, we will think carefully about what terminology we use (especially in front of children) as, in some cases,

abusive behaviour can be harmful to the perpetrator too. We will decide what's appropriate and which terms to use on a case-by-case basis.

The following 3 **Safeguarding Partners** are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will decide to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- The local authority (LA)
- A clinical commissioning group for an area within the LA
- The chief officer of police for a police area in the LA area

6. Roles and Responsibilities

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff, volunteers and governors/trustees in the school and is consistent with the procedures of the 3 safeguarding partners. Our policy and procedures also apply to extended school and off-site activities.

All staff

All staff will:

- Read and understand part 1 and annex B of the Department for Education's statutory safeguarding guidance, Keeping Children Safe in Education, and review this guidance at least annually
- Sign a declaration at the beginning of each academic year to say that they have reviewed the guidance
- Reinforce the importance of online safety when communicating with parents and carers. This includes making parents and carers aware of what we ask children to do online (e.g. sites they need to visit or who they'll be interacting with online)
- Provide a safe space for pupils to speak out and share their concerns

All staff will be aware of:

- Our systems that support safeguarding, including this child protection and safeguarding policy, the staff [insert as appropriate here: behaviour policy / code of conduct], the role and identity of the designated safeguarding lead (DSL) and [deputy/deputies], the behaviour policy, [insert if you have a standalone online safety policy: the online safety policy / if you don't have a standalone policy, insert: online safety that includes the expectations, applicable roles and responsibilities in relation to filtering and monitoring,] and the safeguarding response to children who go missing from education
- The early help assessment process (sometimes known as the common assessment framework) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals

- The signs of different types of abuse, neglect and exploitation, including domestic and sexual abuse (including controlling and coercive behaviour, as well as parental conflict that is frequent, intense, and unresolved), as well as specific safeguarding issues, such as child-on-child abuse, grooming, child sexual exploitation (CSE), child criminal exploitation (CCE), indicators of being at risk from or involved with serious violent crime, FGM, radicalisation and serious violence (including that linked to county lines)
- New and emerging threats, including online harm, grooming, sexual exploitation, criminal exploitation, radicalisation, and the role of technology and social media in presenting harm
- The importance of reassuring victims that they are being taken seriously and that they will be supported and kept safe
- The fact that children can be at risk of harm inside and outside of their home, at school and online
- The fact that children who are (or who are perceived to be) lesbian, gay, bisexual or gender questioning can be targeted by other children
- That a child and their family may be experiencing multiple needs at the same time
- What to look for to identify children who need help or protection

Section 13 of this policy outlines in more detail how staff are supported to do this.

➤ **Staff safeguarding training.**

All staff members will undertake safeguarding and child protection training, online safety training including IT filtering and monitoring roles and responsibilities, together with managing allegations and whistle-blowing procedures, to ensure they understand the school's safeguarding systems and their responsibilities and can identify signs of possible abuse, neglect and **exploitation**. This training will be regularly updated and will be in line with local and statutory guidelines.

In addition:

- All staff will undertake annual Cyber-security training.
- Have regard to the Teachers' Standards to support the expectation that all teachers:
- Manage behaviour effectively to ensure a good and safe environment
- Have a clear understanding of the needs of all pupils.
- All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.
- Staff will also receive regular safeguarding and child protection updates including online safety, as required but at least annually. Regular updates throughout the academic year could include (for example, through emails, e-bulletins and staff meetings) as required, but at least annually.
- All new staff will receive robust safeguarding training in line with the whole school training package, this will be delivered as part of their induction process before they commence working with our pupils/students.

The DSL and deputies

The DSL and deputies will undertake child protection and safeguarding training at least every 2 years. In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments). They will also undertake Prevent Awareness training.

Volunteers and Contractors

All volunteers and contractors will receive safeguarding procedures and guidance on their arrival at the school this will include how to report a concern, the behavioural expectations of the visitors to ensure that children are safe, also filtering and monitoring alongside appropriate use of mobile technology. Safeguarding information will be provided as required during their time working with the school to ensure that they are compliant.

Governors

All governors receive training about safeguarding and child protection (including online safety) at induction, which is regularly updated. This will ensure that all governors have the knowledge and information needed to perform their functions and understand their responsibilities, such as providing strategic challenge, in addition that they can be assured that safeguarding policies and procedures are effective and support the school to deliver a robust whole-school approach to safeguarding.

All Governors will undertake training relating to online filtering and monitoring, in addition one Governor will be trained in Cyber-security.

As the chair of governors may be required to act as the 'case manager' if an allegation of abuse is made against the headteacher, they receive training in managing allegations for this purpose.

Staff who have contact with pupils and families

All staff who have contact with children and families will have supervision which will provide them with support, coaching and training, promote the interests of children and allow for confidential discussions of sensitive issues.

7. Confidentiality

The Data Protection Act (DPA) 2018 and GDPR do not prevent, or limit, the sharing of information for the purpose of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare and protect the safety of children. This includes allowing practitioners to share information without consent.

If staff need to share 'special category personal data', the DPA 2018 contains 'safeguarding of children and individuals at risk' as a processing condition that allows practitioners to share information without consent if it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk

Staff should never promise a child that they will not tell anyone about a report of abuse, as this may not be in the child's best interests

The government's [information sharing advice for safeguarding practitioners](#) includes 7 'golden rules' for sharing information, and will support staff who have to make decisions about sharing information

If staff are in any doubt about sharing information, they should speak to the Designated Safeguarding Lead (or deputy)

Confidentiality is also addressed in this policy with respect to record keeping in section 10

It is the responsibility of all staff to share information about the protection of children with the Designated Safeguarding Lead and other professionals.

Any information about children and families will only be shared in a professional context.

Every effort will be made to ensure that confidentiality is maintained for all concerned. Information will be handled and disseminated on a need to know, professional basis only.

8. Communication with parents/carers

Where appropriate, we will discuss any concerns about a child with the child's parents. The DSL will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents about any such concerns following consultation with the DSL.

If we believe that notifying the parents would increase the risk to the child, we will discuss this with the local authority children's social care team before doing so.

In the case of allegations of abuse made against other children, we will usually notify the parents of all the children involved.

In the case of allegations of abuse made against other children, we will normally notify the parents or carers of all the children involved. We will think carefully about what information we provide about the other child involved, and when. We will work with the police and/or local authority children's social care to make sure our approach to information sharing is consistent.

The DSL will, along with any relevant agencies (this will be decided on a case-by-case basis):

- Meet with the victim's parents or carers, with the victim, to discuss what's being put in place to safeguard them, and understand their wishes in terms of what support they may need and how the report will be progressed
- Meet with the alleged perpetrator's parents or carers to discuss support for them, and what's being put in place that will impact them, e.g. moving them out of classes with the victim, and the reason(s) behind any decision(s)

9. Whole Staff Responsibilities- Reporting Concerns

We have a child centred approach to safeguarding. It is the responsibility of **ALL** staff, volunteers and governors to inform the Designated Safeguarding Lead of any concerns without delay and record this in writing using the Online CPOMS system. Children includes everyone under the age of 18

Everyone who is exposed to children and their families has a role to play. In order to fulfil this responsibility effectively, all professionals will make sure their approach is child centred. This means that they will consider, at all times, what is **in the best** interests of the child.

No single professional can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, **everyone** who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action. School staff are particularly important as they are in a position to identify concerns early, provide help for children, and prevent concerns from escalating.

All Staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue.

If a child is suffering or likely to suffer harm, or in immediate danger

Make a referral to children's social care and/or the police **immediately** if you believe a child is suffering or likely to suffer from harm, or in immediate danger. **Anyone can make a referral.**

Tell the DSL as soon as possible if you make a referral directly.

Dudley **Report it** page: <https://safeguarding.dudley.gov.uk/tell-us/>

If a child discloses a safeguarding issue to you, you should:

- Listen to and believe them. Allow them time to talk freely and do not ask leading questions
- Stay calm and do not show that you are shocked or upset

- Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner
- Listen and remember
- Check you have understood correctly what the child is trying to tell you.
- It is inappropriate to make any comments about the alleged offender.
- Communicate that s/he has a right to be safe and protected
- Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret
- Write up your conversation as soon as possible in the child's own words using the online CPOMS system. Stick to the facts, and do not put your own judgement on it. If relevant, a body map is available on CPOMS to record location of any visible marks. At no time should an individual teacher/member of staff consider taking photographic evidence of any injuries or marks to a child's person, this type of behaviour could lead to the staff member being taken into managing allegations procedures.
- It is very important to record the child's exact wording and not your interpretation of what they said, the time, date and a body injury map if relevant. All concerns, discussions and decisions made, and the reasons for those decisions will be recorded in writing. If you require any support with the recording of the concern, please consult a DSL. This can include a telephone conversation if a DSL is not available in person.
- Maintain confidentiality on a need to know basis only

The child's wishes: At Hurst Green Primary we complete either the "Three houses" or the "Colour Monsters" worry concerns with children at an appropriate level for their age and maturity. This helps to gain a picture of what life is like for the child and helps to inform our next steps for the child.

If you have concerns about a child (as opposed to believing a child is suffering or likely to suffer from harm or is in immediate danger) Figure 1 illustrates the procedure to follow if you have any concerns about a child's welfare.

Where possible, speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the Senior Leadership Team and/or take advice from Local Authority Children's Social Care. Referrals should be made by through the Dudley Children's Portal Site <https://childrensocialcare.dudley.gov.uk/web/portal/pages/home>

In addition you can contact Dudley Front Door (formally MASH) on 0300 555 0050.

Make a referral to Local Authority Children's Social Care directly, if appropriate (see 'Referral' below). Share any action taken with the DSL as soon as possible.

You can also seek advice at any time from the NSPCC helpline on 0808 800 5000. Share details of any actions you take with the DSL as soon as practically possible.

If you disagree with a professional's decision and wish to challenge refer to Dudley's resolution and Escalation Protocol document.

Referral

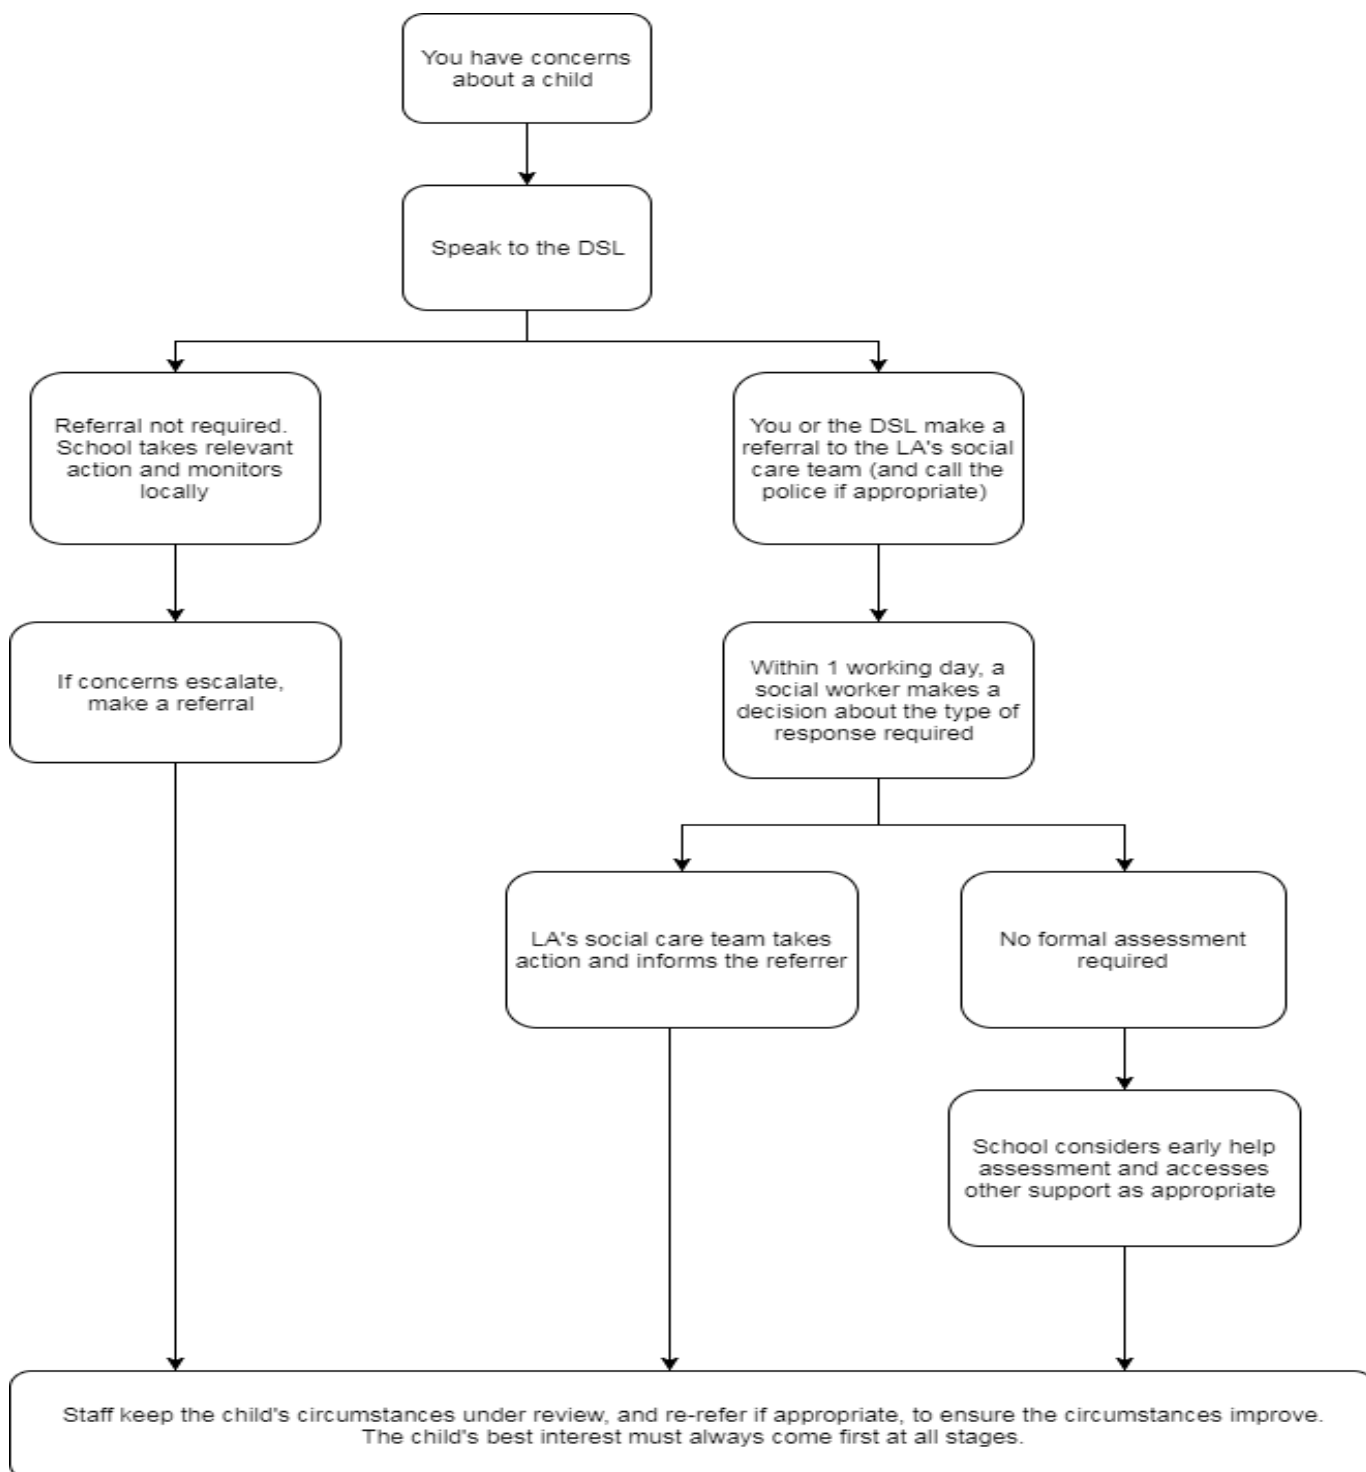

If it is appropriate to refer the case to Local Authority Children's Social Care or the Police, the DSL will make the referral or support you to do so. If you make a referral directly you must tell the DSL as soon as possible.

The Local Authority will decide within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the Local Authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.

Figure 1: procedure if you have concerns about a child's welfare (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)

(Note – if the DSL is unavailable, this should not delay action.)

10. Record keeping

- We will hold records in line with our records retention schedule.
- All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded in writing. If you are in any doubt about whether to record something, discuss it with the DSL.
- Non-confidential records will be easily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.
- Safeguarding records relating to individual children will be retained for a reasonable period after they have left the school.
- If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their safeguarding & child protection file is forwarded promptly and securely, and separately from the main pupil file. In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information (using the pupil safeguarding form) to enable them to have time to make any necessary preparations to ensure the safety of the child.
- Information will be stored securely online (CPOMS) and any paperwork will be stored in a lockable cupboard away from other pupil files. The records will have restricted access to designated people and be maintained in line with data protection laws.

11. Dudley's Thresholds and Early Help

If early help is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

Our local family centre is: **Halesowen Family Centre** (01384 813954)

The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

Level 1 - No referral is required. Professionals should contact Dudley's Family Information Service on 01384 814398 to obtain information about support available for children, young people and families.

Level 2 - Partner agencies should complete their own internal assessment as appropriate and forward this to the relevant Family Centre. Alternatively, an Early Help Assessment can be completed and forwarded to the appropriate Family Centre Cluster.

Level 3 - Referrals should be made by completing an Early Help Assessment and forwarding it to the appropriate Family Centre Cluster.

Level 4 - The Request for Help and Support Form is an online form on the Dudley Children's Portal for referring safeguarding concerns regarding children and young people.

View more information on [Dudley Early Help](https://safeguarding.dudley.gov.uk/safeguarding/child/work-with-children-young-people/dudley-early-help).

<https://safeguarding.dudley.gov.uk/safeguarding/child/work-with-children-young-people/dudley-early-help>

12. When to be concerned

All staff, but especially the designated safeguarding lead (and deputies) should consider whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) **sexual abuse (including harassment and exploitation), domestic abuse in their own intimate relationships (teenage relationship abuse)**, criminal exploitation, serious youth violence, county lines, and radicalisation.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. **Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse.** Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

Signs and Symptoms of Abuse

Abuse, including neglect, and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap.

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Emotional abuse may involve:

- Conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person
- Not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate
- Age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction
- Seeing or hearing the ill-treatment of another
- Serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether the child is aware of what is happening.

The activities may involve:

- Physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing
- Non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet)

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision (including the use of inadequate caregivers)

- Ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

13. Specific Safeguarding Issues

All staff will have an awareness of safeguarding issues and will be aware that behaviours linked to drug taking, alcohol abuse, truancing and sexting put children in danger.

All staff will be aware safeguarding issues can manifest themselves via child on child abuse. This is most likely to include, but not limited to bullying (including cyber bullying), gender based violence/sexual assaults and sexting. Staff will be clear as to the school's policy and procedures concerning child on child abuse. Staff should be aware that some groups are potentially more at risk. Evidence shows girls, children with special educational needs and disabilities (SEND) and LGBT children are at a greater risk.

Staff should be aware of the importance of:

- Challenging inappropriate behaviours
- Making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up
- Not tolerating or dismissing sexual violence or sexual harassment as "banter", "part of growing up", "just having a laugh", or "boys being boys"; and
- Challenging physical behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, pulling down trousers, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them.

a) Child on Child abuse - Allegations of abuse made against other pupils

Child-on-child abuse is when children abuse other children. This type of abuse can take place inside and outside of school. It can also take place both face-to-face and online and can occur simultaneously between the 2.

We recognise that children can abuse their peers. Abuse will never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up".

We also recognise the gendered nature of child-on-child abuse. However, all child-on-child abuse is unacceptable and will be taken seriously.

Most cases of pupils hurting other pupils will be dealt with under our school's behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence
- Could put pupils in the school at risk
- Is violent
- Involves pupils being forced to use drugs or alcohol
- Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, up skirting or sexually inappropriate pictures or videos (including sexting)

If a pupil makes an allegation of abuse against another pupil:

- You must record the allegation and tell the DSL, but do not investigate it
- The DSL will contact the Local Authority Children's Social Care team and follow its advice, as well as the police if the allegation involves a potential criminal offence

- The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed
- The DSL will contact the Children and Adolescent Mental Health Services (CAMHS), if appropriate

We will minimise the risk of child-on-child abuse by:

- Challenging any form of derogatory or sexualised language or behaviour, including requesting or sending sexual images
- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Ensuring our curriculum helps to educate pupils about appropriate behaviour and consent
- Ensuring pupils know they can talk to staff confidentially by educating them through PHSE lessons and assemblies
- Ensuring staff are trained to understand that a pupil harming a child could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy

Ensure staff are trained to understand:

- ✓ How to recognise the indicators and signs of child-on-child abuse, and know how to identify it and respond to reports
- ✓ That even if there are no reports of child-on-child abuse in school, it does not mean it is not happening – staff should maintain an attitude of “it could happen here”
- ✓ That if they have any concerns about a child’s welfare, they should act on them immediately rather than wait to be told, and that victims may not always make a direct report. For example:
- ✓ Children can show signs or act in ways they hope adults will notice and react to
- ✓ A friend may make a report
- ✓ A member of staff may overhear a conversation
- ✓ A child’s behaviour might indicate that something is wrong
- ✓ That certain children may face additional barriers to telling someone because of their vulnerability, disability, gender, ethnicity and/or sexual orientation
- ✓ That a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy
- ✓ The important role they have to play in preventing child-on-child abuse and responding where they believe a child may be at risk from it
- ✓ That they should speak to the DSL if they have any concerns
- ✓ That social media is likely to play a role in the fall-out from any incident or alleged incident, including for potential contact between the victim, alleged perpetrator(s) and friends from either side
- The DSL will take the lead role in any disciplining of the alleged perpetrator(s). We will provide support at the same time as taking any disciplinary action.
- Disciplinary action can be taken while other investigations are going on, e.g. by the police. The fact that another body is investigating or has investigated an incident doesn’t (in itself) prevent our school from coming to its own conclusion about what happened and imposing a penalty accordingly. We will consider these matters on a case-by-case basis, taking into account whether:

- ✓ Taking action would prejudice an investigation and/or subsequent prosecution – we will liaise with the police and/or local authority children’s social care to determine this
- ✓ There are circumstances that make it unreasonable or irrational for us to reach our own view about what happened while an independent investigation is ongoing

b) Sharing of nudes and semi-nudes (‘sexting’)

Your responsibilities when responding to an incident

If you are made aware of an incident involving sexting (also known as ‘youth produced sexual imagery’), you must report it to the DSL immediately.

You must **not**:

- View, download or share the imagery yourself, or ask a pupil to share or download it. If you have already viewed the imagery by accident, you must report this to the DSL
- Delete the imagery or ask the pupil to delete it
- Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL’s responsibility)
- Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
- Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident and reassure the pupil(s) that they will receive support and help from the DSL.

Initial review meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to pupil(s)
- If a referral needs to be made to the police and/or children’s social care
- If it is necessary to view the imagery in order to safeguard the young person (in most cases, imagery should not be viewed)
- What further information is required to decide on the best response
- Whether the imagery has been shared widely and via what services and/or platforms (this may be unknown)
- Whether immediate action should be taken to delete or remove images from devices or online services
- Any relevant facts about the pupils involved which would influence risk assessment
- If there is a need to contact another school, college, setting or individual
- Whether to contact parents or carers of the pupils involved (in most cases parents should be involved)

The DSL will make an immediate referral to police and/or children’s social care if:

- The incident involves an adult
- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)

- What the DSL knows about the imagery suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any pupil in the imagery is under 13
- The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of the imagery (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the headteacher and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care.

Further review by the DSL

If at the initial review stage, a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review.

They will hold interviews with the pupils involved (if appropriate) to establish the facts and assess the risks.

If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

Informing parents

The DSL will inform parents at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

Referring to the police

If it is necessary to refer an incident to the police, this will be done through dialing 101

Recording incidents

All sexting incidents and the decisions made in responding to them will be recorded. The record-keeping arrangements set out in section 10 of this policy also apply to recording incidents of sexting.

c) So-called 'honour-based' abuse (including FGM and forced marriage)

The Department for Education's Keeping Children Safe in Education explains that FGM comprises '*all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs.*'

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.

Any teacher who discovers (either through disclosure by the victim or visual evidence) that an act of FGM appears to have been carried out on a **pupil under 18** must immediately report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

Unless they have been specifically told not to disclose, they should also discuss the case with the DSL and involve children's social care as appropriate.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

Any member of staff who suspects a pupil is *at risk* of FGM or suspects that FGM has been carried out on a pupil aged **18 or under** must speak to the DSL and follow our local safeguarding procedures.

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out
- A family/pupil already being known to social services in relation to other safeguarding issues

A girl:

- Having difficulty walking, sitting or standing, or looking uncomfortable
- Finding it hard to sit still for long periods of time (where this was not a problem previously)
- Spending longer than normal in the bathroom or toilet due to difficulties urinating
- Having frequent urinary, menstrual or stomach problems
- Avoiding physical exercise or missing PE
- Being repeatedly absent from school, or absent for a prolonged period
- Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
- Being reluctant to undergo any medical examinations
- Asking for help, but not being explicit about the problem
- Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practicing FGM (this is the biggest risk factor to consider)
- FGM being known to be practiced in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out
- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues

A girl:

- Having a mother, older sibling or cousin who has undergone FGM
- Having limited level of integration within UK society
- Confiding to a professional that she is to have a "special procedure" or to attend a special occasion to "become a woman"
- Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period
- Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
- Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to consider the context of the discussion)
- Being unexpectedly absent from school
- Having sections missing from her 'red book' (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

Forcing a person into marriage is a crime. A forced marriage is one entered without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the 'one chance' rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority's designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fmf@fco.gov.uk
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

d) Child Criminal Exploitation

Child criminal exploitation (CCE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into criminal activity, in exchange for something the victim needs or wants, and/or for the financial or other advantage of the perpetrator or facilitator, and/or through violence or the threat of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. It does not always involve physical contact and can happen online. For example, young people may be trafficked, forced to work in cannabis factories, modern slavery, coerced into moving drugs or money across the country (county lines), involved in gangs and knife crime, forced to shoplift or pickpocket, or to threaten other young people.

Indicators of CCE can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Involved in gangs and knife crime
- Suffering from changes in emotional wellbeing
- Misusing drugs and alcohol
- Going missing for periods of time or regularly coming home late
- Regularly missing school or education
- Not taking part in education

If a member of staff suspects CCE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

e) Child Sexual Exploitation

Child sexual exploitation (CSE) is a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, in exchange for

something the victim needs or wants and/or for the financial advantage or increased status of the perpetrator or facilitator. It may, or may not, be accompanied by violence or threats of violence.

The abuse can be perpetrated by males or females, and children or adults. It can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse.

The victim can be exploited even when the activity appears to be consensual. Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

CSE can include both physical contact (penetrative and non-penetrative acts) and non-contact sexual activity. It can also happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam. CSE may also occur without the victim's immediate knowledge, for example through others copying videos or images.

In addition to the CCE indicators above, indicators of CSE can include a child:

- Having an older boyfriend or girlfriend
- Suffering from sexually transmitted infections or becoming pregnant

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate.

f) Children Absent from Education

A child going absent from education, particularly repeatedly, can be a warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Are at risk of forced marriage or FGM
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who are absent from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of becoming absent in future. This includes informing the local authority if a child leaves the school without a new school being named and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local child protection procedures, including with respect to making reasonable enquiries. We will make an

immediate referral to the local authority children's social care team, and the police, if the child is suffering or likely to suffer from harm, or in immediate danger.

For further information: Children Missing Education statutory guidance for local authorities 2016
https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/550416/Children_Missing_Education_-_statutory_guidance.pdf

g) Missing pupils

Our procedures are designed to ensure that a missing child is found and returned to effective supervision as soon as possible. If a child goes missing during school hours, we will:

- Lockdown the school site immediately making staff aware of the situation
- Available staff will search immediate area and report back to designated adult
- If they cannot be found within minutes a phone call to be made to parents and police
- Following incident, it will be recorded on CPOMS and discussed by SLT to ensure anything that can be learnt will be acted upon for future reference. Depending on circumstances it may be necessary to write a risk assessment for the child.

If a child goes missing out of school hours we will be as supportive to parents as we can and liaise with police.

h) Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare.

The DSL [and deputies] will be aware of contact details and referral routes into the local housing authority so they can raise/progress concerns at the earliest opportunity (where appropriate and in accordance with local procedures).

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children's social care.

i) Domestic Abuse

Domestic abuse can take many forms, including psychological physical, sexual, financial and emotional. Our school recognizes that exposure to domestic abuse can have a serious, long term emotional and psychological impact on children. We work with our key partners and share relevant information where there are concerns that domestic abuse may be an issue for a child or family or be placing a child at risk of harm.

Children can witness and be adversely affected by domestic abuse and/or violence at home where it occurs between family members. In some cases, children may blame themselves for the abuse or may have had to leave the family home as a result.

Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. The Domestic Abuse Act 2021 introduces the first statutory definition of domestic abuse and recognises the impact of domestic abuse on children, as victims in their own right, if they see, hear or experience the effects of abuse.

If police are called to an incident of domestic abuse and any children in the household have experienced the incident, the police will inform the key adult in school (usually the designated safeguarding lead) before the child or children arrive at school the following day. West Midlands police forces are part of [Operation Encompass](#)

The DSL will provide support according to the child's needs and update records about their circumstances.

j) Child on Child Sexual Violence and Sexual Harassment

Sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and face to face (both physically and verbally) and are never acceptable.

Responding to reports of sexual violence and sexual harassment

Reports of sexual violence and sexual harassment are likely to be complex and require difficult professional decisions to be made, often quickly and under pressure. Preplanning, effective training and effective policies will provide schools and colleges with the foundation for a calm, considered and appropriate response to any reports.

Ultimately, the school will make any decisions on a case-by-case basis, with the designated safeguarding lead (or a deputy) taking a leading role and using their professional judgement, supported by other agencies, such as children's social care and the police as required.

k) Radicalisation and Extremism

➤ **Radicalisation** refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups

➤ **Extremism** is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces

➤ **Terrorism** is an action that:

- Endangers or causes serious violence to a person/people;
- Causes serious damage to property; or
- Seriously interferes or disrupts an electronic system

The use or threat of terrorism must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local police force.

We will ensure that suitable internet filtering is in place and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils' behaviour.

The government website [Educate Against Hate](#) and charity [NSPCC](#) say that signs that a pupil is being radicalised can include:

➤ Refusal to engage with, or becoming abusive to, peers who are different from themselves

- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance
- Rejecting activities, they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour, staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our reporting procedures including discussing their concerns with the DSL.

Staff should **always** act if they are worried.

Dudley's LA Prevent Officer is Mark.Wilson@dudley.gov.uk

If you have concerns about extremism

If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or seek advice from local authority children's social care. Make a referral to local authority children's social care directly, if appropriate (see 'Referral' above). Inform the DSL or deputy as soon as practically possible after the referral.

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include [Channel](#), the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team. For Prevent referrals staff can liaise with Safe and Sound (Dudley's Community Safety Partnership) website- <https://www.dudleysafeandsound.org/prevent>

The Department for Education also has a dedicated telephone helpline, 020 7340 7264, which school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- Think someone is in immediate danger
- Think someone may be planning to travel to join an extremist group
- See or hear something that may be terrorist-related

l) Mental Health - If you have a mental health concern

Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

The school's Mental Health Lead is Kathryn Karadia.

Staff will be alert to behavioural signs that suggest a child may be experiencing a mental health problem or be at risk of developing one.

Positive mental health is the concern of the whole community and we recognize that schools play a key part in this. Our school wants to develop the emotional wellbeing and resilience of all pupils and staff, as well as provide specific for those with additional needs.

We understand that there are risk factors, which increase someone's vulnerability, and protective factors that can promote or strengthen resiliency. The more risk factors present in an individual's life, the more protective factors or supportive interventions are required to counter balance and promote further growth of resilience.

If you have a mental health concern about a child that is also a safeguarding concern, take immediate action.

If you have a mental health concern that is **not** also a safeguarding concern, speak to the DSL to agree a course of action. This could also include a conversation for parents or a referral to the school nurse.

Staff can refer to the Department for Education guidance on [mental health and behaviour in schools](#) for more information.

m) Contextual Safeguarding

At Hurst Green Primary School, we know that safeguarding incidents and/or behaviours can be associated with factors outside our school and/or can occur between children outside our school. All staff, but especially the Designated Safeguarding Lead (or deputy) will consider the context which such incidents and/or behaviours occur. This is known as contextual safeguarding, which simply means assessments of children will consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare. Children's social care assessments should consider such factors, so our school will provide as much information as possible as part of the referral process. This will allow any assessment to consider all the available evidence and the full context of any abuse. Additional information regarding contextual safeguarding is available here:

<https://contextualsafeguarding.org.uk/about/what-is-contextual-safeguarding>

n) Areas with particular risk

At Hurst Green we have identified areas with particular risk:

•**Physical intervention:** On occasions it may be necessary to physically intervene with a pupil likely to hurt or injure themselves or others. The details of this can be found in our Positive Handling Policy.

•**Personal/Intimate care:** To meet the needs for individual pupils, personal/intimate care may need to be provided by members of staff. The details for this can be found in our Personal Care Policy.

14. LGBT+ pupils

Some pupils may be vulnerable due to their sexual orientation or gender identity, either because they are subject to homophobic, bi-phobic or transphobic bullying or because of negative responses from parents/carers or others, which may result in increased risk of self-harm, suicide or homelessness.

Several studies also evidence that LGBT+ young people may be at increased risk of becoming victims of CSE.

Schools should therefore ensure that they are aware of the increased risk factors and know how to access appropriate support for these young people when required

15. Online Safety – **FILTERING AND MONITORING**

We recognise the importance of safeguarding children from potentially harmful and inappropriate online material, and we understand that technology is a significant component in many safeguarding and wellbeing issues.

To address this, our school aims to:

- Have robust processes (including filtering and monitoring systems) in place to ensure the online safety of pupils, staff, volunteers and governors
- Protect and educate the whole school community in its safe and responsible use of technology, including mobile and smart technology (which we refer to as ‘mobile phones’)
- Set clear guidelines for the use of mobile phones for the whole school community
- Establish clear mechanisms to identify, intervene in and escalate any incidents or concerns, where appropriate

The 4 key categories of risk

Our approach to online safety is based on addressing the following categories of risk:

Content – being exposed to illegal, inappropriate or harmful content, such as pornography, fake news, racism, misogyny, self-harm, suicide, antisemitism, radicalisation and extremism

Contact – being subjected to harmful online interaction with other users, such as peer-to-peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes

Conduct – personal online behaviour that increases the likelihood of, or causes, harm, such as making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography), sharing other explicit images and online bullying; and

Commerce – risks such as online gambling, inappropriate advertising, phishing and/or financial scams

Children in year 5 and 6 need to give their phones into the school office at the start of the day.

For more information on Online Safety please refer to the E-Safety Policy.

16. Named Designated Person for Children in Care (CiC)

Designated person should aim to work in partnership with the Virtual School Coordinator on how funding can best support the progress of a CiC

We will ensure that staff have the skills, knowledge and understanding to keep Children in Care and previous Children in Care safe. We will ensure that:

- Appropriate staff have relevant information about Children in Care’s looked after legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements
- The DSL has details of children’s social workers and relevant virtual school heads

We have appointed a designated teacher, **Natalie Webb** who is responsible for promoting the educational achievement of Children in Care and previous Children in Care in line with [statutory guidance](#).

The designated teacher is appropriately trained and has the relevant qualifications and experience to perform the role.

As part of their role, the designated teacher will:

- Work closely with the DSL to ensure that any safeguarding concerns regarding Children in Care and previous Children in Care are quickly and effectively responded to
- Work with virtual school heads to promote the educational achievement of, Children in Care and previous Children in Care, including discussing how pupil premium plus funding can be best used to support CiC and meet the needs identified in their personal education plans

Children with a social worker

Children may need a social worker due to safeguarding or welfare needs. We recognise that a child's experiences of adversity and trauma can leave them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.

The DSL and all members of staff will work with and support social workers to help protect vulnerable children.

Where we are aware that a pupil has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the pupil's safety, welfare and educational outcomes. For example, it will inform decisions about:

- Responding to unauthorised absence or missing education where there are known safeguarding risks
- The provision of pastoral and/or academic support

17. Named Virtual Head – Andrew Wright

Andrew.wright@dudley.gov.uk

18. Children with Special Educational Needs and Disabilities

We recognise that pupils with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Additional barriers can exist when recognising abuse and neglect in this group, including:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration
- Pupils being more prone to peer group isolation than other pupils
- The potential for pupils with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- Communication barriers and difficulties in overcoming these barriers

We offer extra pastoral support for pupils with SEN and disabilities. All staff at Hurst Green Primary School will ensure that these pupils in their care are identified and take additional care to keep them safe.

19. Safer Recruitment procedure

Hurst Green Primary School has created a culture of safe recruitment, and has adopted the Local Authority policy on recruitment procedures. **Hurst Green Primary School** will follow the 'Safer Recruitment' processes for all appointments, which will include the following:

- declaration of our statement of commitment and the intent to undertake a DBS check in the advertisement;

Our statement of Commitment

Hurst Green Primary School is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. All posts are subject to Enhanced DBS Clearance, Qualification and ID Checks.

- ensuring that at least one member of the interview panel has attended DSCB Safer Recruitment Training
- ensuring that references are gained before interview
- ensuring that a safeguarding question is included in the interview
- ensuring that any gaps in employment are explored at interview
- undertake a DBS check* at the relevant level to the position
- ensuring that a prohibition check is carried out for anyone in 'teaching work', not just those with QTS

(*An enhanced DBS check with barred list information will be appropriate for all staff as the majority of staff will be engaging in 'regulated activity'.)

If the school has reason to believe that an individual is barred, it commits an offence if it allows the individual to carry out any form of regulated activity. There are penalties of up to five years in prison, if a barred individual is convicted of attempting to engage in such work.

All new appointments will have their identity verified from a current photographic ID and proof of address to obtain an enhanced DBS check with barred list information. The school will always ask for written information about previous employment history and check that the information is complete.

The school does not have the power to request DBS checks for visitors (for example children's relatives visiting a sports day). On these occasions, the Headteacher will use their professional judgment on how best to supervise these occasions.

As part of 'Disqualification Under the Childcare Act 2006' (amended 2018), the relationship and associations that staff have in school and outside (including online), may have an implication for the safeguarding of children in the school. Where this is the case, the member of staff must speak to the school and evidence of this will be recorded.

All visitors in school will be required to verify their identity to the satisfaction of staff before being allowed entry into school.

Visitors are expected to sign the visitors' book and wear a visitor's badge.

All visitors will need to leave their belongings, including their mobile phone(s), in a safe place during their visit.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification.

Visitors to the school who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID and:

- Will be asked to show their DBS certificate, which will be checked alongside their photo ID; or
- The organisation sending the professional, such as the LA or educational psychology service, will provide prior written confirmation that an enhanced DBS check with barred list information has been carried out

We will not invite into the school any speaker who is known to disseminate extremist views and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

20. Procedure for dealing with Allegations about Staff - Concerns about a staff member, supply teacher or volunteer

This is NOT the responsibility of the Designated Safeguarding Lead. The Head teacher will deal with allegations made against school staff.

If you have concerns about a member of staff (including a supply teacher or volunteer), or an allegation is made about a member of staff (including a supply teacher or volunteer) posing a risk of harm to children, speak to the **headteacher**. If the concerns/allegations are about the headteacher, speak to the **chair of governors**.

Hurst Green Primary School will follow the 'The Managing Allegations against Staff or Volunteers' (DSPPB Procedures) in conjunction with part four of Keeping Children Safe in Education 2020. This includes new information added in relation to Managing Allegations criteria, so schools must work with other agencies to investigate when a member of staff has "**behaved or may have behaved in a way that indicates they may not be suitable to work with children**" Hurst Green Primary School will ensure allegations against supply teachers are dealt with appropriately when they are not the employer. We will not simply cease to use this teacher. Processes are developed to manage this akin to the disciplinary procedure and the school should advise supply agencies of its process for managing allegations.

All staff have access to the counselling service within Dudley Council.

If any concerns or allegations made against a member of staff, supply teacher or volunteer are brought to the headteacher, in the first instance these will be discussed with the Designated Officer for Managing Allegations (LADO- **Yvonne Nelson Brown**) or duty Independent Reviewing Officer. It is useful at this stage to also provide full names of the member of staff and child involved in the allegation, their dates of birth, addresses and details of any previous concerns, as this will avoid delay. All allegations against people who work with children will be passed on to the Designated Officer (Managing Allegations) in accordance with the Working Together to Safeguard Children (2018) and the DSPPB Safeguarding Children Procedures. A Managing Allegations Referral form will be needed to be completed. The parents or carers of the child will be contacted as soon as possible following advice from the Social Care team.

If an allegation is made against any governor, including the Chair of Governors, the Headteacher will contact the LA appointed Designated Officer.

- if any allegation is made a quick resolution should be a clear priority; any unnecessary delays should be eradicated
- in response to an allegation all other options should be considered before suspending a member of staff;
- allegations that are found to be malicious should be removed from the personnel records
- pupils that are found to have made malicious allegations are likely to have breached school behaviour policies; the school will therefore consider the appropriate sanction
- we as the employer have a duty of care to all staff; support for the individual is the key to fulfilling this duty
- when an allegation is made it is extremely important that every effort is made to maintain confidentiality
- after any allegations of abuse have been made, the outcome will be categorised as either substantiated, malicious, false, unsubstantiated or unfounded

In addition to this, **Hurst Green Primary School** have routine systems for continually monitoring the performance of staff ensuring compliance with both child protection procedures and the code of good practice. All staff within **Hurst Green Primary School** will adhere to the Guidance for Safer Working Practice for those working with Children and Young People in Educational Settings (May 2019). This covers a wide range of issues around staff conduct.

Referral to Disclosure and Barring Service (DBS)

Any employee, who is dismissed or resigns due to a child protection case, will be referred to the DBS, who will consider the future risk and harm the individual possesses to vulnerable groups including children. **It is a legal duty and failure to refer when the criteria are met is a criminal offence.**

The Single Central Record is in place and includes all the areas covered in Keeping Children Safe in Education (2021). Further support is sought from HR

Actions if there are concerns

Concerns about poor practice:

- If following consideration, the allegation is clearly poor practice, the Headteacher will deal with it as a misconduct issue
- If the allegation is about poor practice by the Designated Safeguarding Lead, or if the matter has been handled inadequately and concerns remain, it will be reported to the headteacher/ Chair of Governors who will decide on whether disciplinary action will be taken and the next steps to take.

Action if the concern does not meet the harm threshold

Creating a culture in which all concerns about adults (including allegations that do not meet the harms threshold- low level concerns) are shared responsibly and with the right person, recorded and dealt with appropriately, is critical. The term 'low level' concern does not mean that it is insignificant, it means that the behaviour towards a child does not meet the threshold (see part four- Section one of KCSIE 2021). A low level concern is any concern- no matter how small, and even if no more than causing a sense of unease or a 'nagging doubt'- that an adult working in or on behalf of the school may have acted in a way that:

- Is inconsistent with the staff code of conduct, including inappropriate conduct outside of work; and
- Does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the LADO

All low level concerns should be reported in the same way; to the Headteacher, unless it is about the headteacher and then it should be the Chair of Governors. It should then be recorded in writing. The record should include details of the concern, the context in which the concern arose, and action taken. The name of the individual sharing their concerns should also be noted, if the individual wishes to remain anonymous then that should be respected as far as reasonably possible. This record will then be kept confidential, held securely in a locked cupboard, and comply with the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR)

Records should be reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified. Where a pattern of such behaviour is identified, the school or college should decide on a course of action, either through its disciplinary procedures or where a pattern of behaviour moves from a concern to meeting the harms threshold, in which case it should be referred to the LADO.

21. Whistleblowing

All staff and volunteers will feel able to raise concerns about poor or unsafe practice and potential failures in the school's safeguarding regime and know that such concerns will be taken seriously by the senior leadership team.

Where a staff member feels unable to raise an issue with the school's leadership team, or feels their concerns are not being addressed, other whistleblowing channels are open to them. General guidance can be found at: Advice on whistleblowing <https://www.gov.uk/whistleblowing> or via Dudley's whistleblowing policy.

The NSPCC whistleblowing helpline is also available <https://www.gov.uk/government/news/home-office-launches-child-abuse-whistleblowing-helpline> 0800 028 0285

22. Safeguarding in the Curriculum

Child Protection and wider child safety issues will be addressed through the curriculum as appropriate, especially in Relationship and Health Education (RHE) and Information and Communication Technology (ICT). Children are taught to recognise when they are at risk and how to get help when they need it.

23. Specific Safeguarding Issues

Expert and professional organisations are best placed to provide up-to-date guidance and practical support on specific safeguarding issues. For example, NSPCC offers information for schools and colleges on its own website www.nspcc.org.uk.

Schools can also access DSCB guidance on the issues listed below via the website <http://safeguarding.dudley.gov.uk> / <http://safeguarding.dudley.gov.uk/child/work-with-children-young-people/education-information/>

24. Implementation, Review and Monitoring

Implementation will take place by ensuring this policy is discussed at the full governing body meeting and ensuring all staff are made aware of its existence.

The policy will be monitored and reviewed on an annual basis and whenever significant changes to legislation, guidance or changes to local procedures require it. The cover page of this policy states the dates of review ratification by the Governing Body.
