Building an Attendance Culture

- Our new approach to attendance is rooted in an inclusive attendance model designed to ensure that everyone - our staff, families, and children - fully understands their individual roles and collective responsibilities in supporting school attendance, active engagement in learning, and addressing potential barriers

- Our renewed focus on this inclusive attendance approach will ultimately help us create a culture where everyone at Hurst Green shares the collective responsibility for school attendance. These changes will be reflected in an updated policy later this term.

Classroom Admin

- Diaries need to be in school each day – children will use these regularly for: referencing key facts, looking up their usernames/passwords (and there will be a lot of them!),

- Diaries are checked on a Monday. Please aim to read with your child **at least 3** times each week.

- Reading books and diaries should be taken home each night and brought into school the next morning.

- PE to be taught on Thursdays and Fridays.

Home Learning

Research indicates that reading regularly has the biggest impact upon all areas of the curriculum and is one of the best ways in which you can support your child at home.

Children are expected to read at least three times a week at home – diaries will be checked by a member of staff once per week.
Children should practise their multiplication every week. without regular practise, even a child who knows their timetables can show signs of regression.

Children have access to the following apps:

TTRS (times table practise – children need instant recall of these for all aspects of Maths).
Spellingshed (We will introduce this with children and they will be able to access from home).

Spellings

- We will be following the Spellingshed spelling scheme (introduced in September 2026).
- Throughout the week, we will teach the children specific spelling rules and memory techniques as part of our English work.
- Spellings **will not be** sent home – this will provide more time to spend on reading, and further practice using their apps.
