Dear Parents and Carers,

I hope this message finds you well. I am writing to inform you that today we conducted a lockdown drill at Hurst Green Primary School as part of our commitment to ensuring the safety and security of all our pupils and staff.

Please rest assured that there is nothing to worry about. The drill was carried out smoothly and successfully, following the procedures outlined in our lockdown policy. It is important to note that the children were not informed of all the details regarding the drill, as we aim to ensure that they are prepared for any situation without causing unnecessary concern. On hearing the alarm, children were simply asked to return to their classroom, where their teacher closed the door and blinds and asked the children to sit quietly at their desks. SLT then performed the necessary safety checks and informed teachers when the drill was over.

During the drill, all pupils and staff responded appropriately, and I am pleased to report that everything went according to plan. Our focus remains on creating a safe learning environment for our children, and these drills are an essential part of our safety protocols.

If you have any questions or concerns regarding the drill or our safety procedures, please do not hesitate to reach out. Thank you for your continued support and understanding.

Miss Wilson
